

## NEWS GATHERED FROM SOUTHSIDE

Street Committee Anxious to Repair and Improve Streets and Paving.

### MUNICIPAL LIGHTING PLANT

Two Departments Clash—Sanitary Officer Eli in Bad Position.

Manchester Bureau, Times-Dispatch, No. 1112 Hull Street.

That the Street Committee is putting forth every effort to get the streets of the city in as good condition as possible before the beginning of winter was evidenced last night in the meeting of that committee.

City Engineer Lipscomb, in his report, asked that he be allowed to employ four men for four weeks to be used in cleaning up the streets. Captain Lipscomb showed that the streets, especially after the recent rains, are in pretty bad condition, and that it will require a large part of his time have them properly cleaned. His request was allowed.

It was moved and passed that Twelfth Street between Perry and McDonough Streets be rolled and gravelled, as the recent rain had washed the street and put it in bad condition. The engineer moved that the city engineer be instructed to estimate the cost of paving with brick the east side of Decatur Street, between Seventh and Eighth Streets; with stone Fifth Street, from Everett to Decatur Streets and the east side between Decatur and Stockton Streets, and with concrete between Decatur and Eighth Streets.

The committee also decided to pave several other portions of the town; to have all the culverts cleaned out, and the streets repaired in all bad and dangerous places.

Officers Patram and Nunnally pointed out the terrible condition of the streets all over the town, and made a strong plea that everything possible be done before such work is made impossible and practically useless by the setting in of winter. It was then moved that the city be in a financial condition to undertake all the work suggested, and Mr. Nunnally moved that the city engineer be requested to look into the matter to see if he could recommend some means for remedying the existing conditions.

Mr. Patram asked that paving be put down on Eleventh Street, between Stockton and Everett Streets, on the west side, and on Twelfth Street, between Stockton and Everett Streets, on the west side. He put it in the form of a motion, which was passed.

There was much complaining about a drain pipe emptying in the alley back of Bainbridge Street Baptist Church, and the committee decided that the property owners be required to remove the pipe and make proper connection with the city sewer.

Attention was called to the fact that the overhead bridge which was to have been built at the Belle Isle, crossing by the Southern Railway Company, had been delayed, and it was moved and passed that a letter be sent to Captain W. C. Jones, superintendent of the Southern Railway, asking the cause of the delay, which, it was pointed out, had been of rather long continuance.

The attention of the committee was also brought to the many holes and depressions existing in the streets as the result of some one's carelessness, and the city engineer was asked to find out the responsible parties and to have them make the nuisance, or else be haled to court.

Bids were opened and the blacksmithing contract was awarded to Mr. J. E. Gill, and the feed contract to Mr. L. C. Linn.

The cemetery and health committee met, and transacted only routine business.

### Municipal Lighting Plant.

When the contract with the Virginia Passenger and Power Company for the lighting of the streets of the city expires there is a strong probability that the city will operate a municipal lighting plant. This idea was suggested by Mr. E. L. Patram, about two years ago, and it has been mooted in Assembly circles ever since. A committee consisting of Messrs. J. W. Moore and R. L. Patram, of the Board of Aldermen, and Messrs. W. B. Bradley, J. S. Wakefield and C. C. Jones, of the Board of Supervisors, has been appointed to make recommendations to the Council.

The time for the expiration of the contract with the Passenger and Power Company is not very far off, and it is early action in regard to the matter. Several members of the committee express themselves as being in favor of the municipal scheme, as are many members of the Council, and there is a strong probability that the plan of the committee will be to this effect. There has been no regular meeting of the committee yet, but a meeting will in all likelihood be called at an early date.

### Two Departments Clash.

How the clash between the Police Department and the Board of Health over the duties of Sanitary Officer Eli will end is hard to say.

Mr. Eli takes the position that he is not supposed to serve notices on persons who have violated the city ordinances, but that they should be served by the police. The Mayor has taken the position that Mr. Eli serves the papers he will suspend him. Dr. Rucker, on the other hand, says that he will suspend Mr. Eli if he does serve the papers. The question hinges on the power of suspension of an officer, as conferred by the Board of Health, and the position of Mr. Eli lies between the devil and the deep sea. He is threatened on either hand, and until the matter is settled, will find himself in somewhat of a quandary. However, it is not likely that any serious differences will result, but that rather the matter will be settled by an agreement between the health board and the police department.

### THE ASHORE OF THE MODE.

## Price-Paring

means quality whittling every time.

When a store habitually cries "Cheap! Cheap!" put the man behind it down as a huckster, not a merchant.

We avoid "bargains" as we would a plague, but the ripening of the season naturally brings many tidbits at this store.

There's spice in buying just now. We're lustily prodding laggard goods with the big stock. Price.

### Pastor Gets Vacation.

At a meeting of the Board of Stewards of Asbury Methodist Church, Monday night, the pastor, Rev. J. F. Cuthrell, was unanimously voted a month's vacation, to be taken at such time as will best serve his convenience. This compliment was paid Mr. Cuthrell in consideration of the untiring energy, faithful ministrations and remarkable success attending his pastorate at this charge. Mr. Cuthrell expects to take a part of his vacation in August, when he, accompanied by Mrs. Cuthrell, will visit Niagara Falls and Toronto, returning via New York City, where Mr. Cuthrell's father holds a government position, having been transferred to that city from Norfolk in January of this year.

Beginning next Sunday and continuing until further notice, the Sunday evening service at Asbury Methodist Church will be changed from 8 o'clock to 6:30 o'clock in the afternoon. These services will be for forty-five minutes long, beginning promptly at 6:30 and closing at 6:15. Beginning next Sunday, Rev. Mr. Cuthrell will begin a series of sermons on the marriage vow, and the subject for that day will be "Choosing a Husband." Public invited.

### Persons and Briefs.

Police Officer Waymack last night arrested Ned Monroe and Stewart Henry, both colored, on the charge of fighting in the street. Henry was hit on the head, it appeared, with some blunt instrument, and was pretty badly shaken up. They will tell the Mayor about it this morning.

## CAROLINA GIRL HAS FINE VOICE

(Special to The Times-Dispatch.)

NEW YORK, July 5.—Miss Anna Spencer, a young society girl of Raleigh, N. C., has developed a phenomenal voice. From the smallest part in the "Student King," in which Raymond Hitchcock was star next winter, and which has just started a preliminary season on the road, she has been promoted in six weeks to the role of understudy to the prima donna, Lena Abarbanel, having been chosen after a trial of the voices of all the girls in "The Student King."

## SICK ALL THE TIME.

Until She Took Dr. Williams' Pink Pills—She Has Been a Well Woman Ever Since.

"I suffered all the time, practically, from sickness of the stomach, dizziness or swimming in my head and pain in my back. Now I am entirely free from discomfort of that sort. I am not only able to keep on my feet, but to do my work as a teacher, and to enjoy the pleasures that come through the possession of good health."

That is the statement of Mrs. B. B. Ford, of Pushmataha, Miss., who continues as follows: "I am glad to tell others that my trouble was all remedied by Dr. Williams' Pink Pills. I heard indeed a woman's friend, I heard of them first from an acquaintance in Arkansas, who had found out their merits by actual use. What she said prompted me to try them in September of 1904, and with the first week's experience, such relief that I knew that they must be adapted to the needs of my case. After using them for a short while longer I was thoroughly convinced of their helpfulness. I ceased to be an invalid; I became, and have since remained a well woman, and the reason why is simply that I took Dr. Williams' Pink Pills."

The pills which Mrs. Ford so justly praises cure the chief ailments of women by thoroughly renovating the blood. They make functional action regular and painless, banish headaches, improve nervousness, create appetite, promote digestion, put color in the complexion, build up strength, and in a word, enable women to reach and maintain full physical perfection.

Dr. Williams' Pink Pills actually make new blood and give strength and color to every part of the body. They are sold by all druggists or sent, postpaid, on receipt of price, 50 cents a box, six boxes \$2.50, by Dr. Williams' Medicine Co., Schenectady, N. Y.

## ASSASSIN'S FIRE FROM AMBUSH

Two Men Shot and Killed While Sitting on the Porch of a Boarding House.

### KILLS SWEETHEART AND RIVAL

A Prisoner Tries to Shoot His Way Out of Jail—Killed by Train.

(Special to The Times-Dispatch.)

BLUEFIELD, W. VA., July 5.—Armed Taylor and Harry Hoskins were shot while sitting on the porch of a boarding house at Matewan this morning by unknown parties, who screened themselves behind brush on the mountain. Both will die. No trace of the assailants could be found.

Columbus McCoy was cut to pieces while attempting to board a train at Delmore today. McCoy was an influential citizen in Wyoming county, W. Va. James Martin and Miss Ella Hunt, of Fageton, were both shot and killed by Edgar Pembroke last night while at a dance. Jealousy promoted the affair, Martin seemingly having won the affections of Miss Hunt, who had formerly been the sweetheart of Pembroke.

Bob Harvey, who was arrested in Wyoming county and taken to the Welch jail, yesterday, made a desperate attempt to escape last night, and fatally wounded a guard, though falling in his attempt to gain liberty. He overpowered the jailer, and, taking his gun, tried to shoot his way out, but timely aid from other prisoners prevented.

## TWO REGIMENTS HAVE MUTINIED

The Men Have Presented Series of Political and Service Demands.

(By Associated Press.)

ST. PETERSBURG, July 5.—Dispatches received here today from Samara state that two regiments garrisoning that important provincial capital had mutinied and presented a series of political and service demands. The officers promised to satisfy the service demands if the mutineers would return to duty, but the men replied that they would be satisfied only with compliance with all of their demands.

The mutineers still command the situation, but are not taking any action. The situation is complicated by the fact that in Samara the revolutionists are pushing a movement to proclaim a republic in case a general strike is declared, and may seize the present opportunity to further their aims.

The ferment among the soldiers and sailors at Odessa and Sebastopol continues.

No killing of the reported rioting and pillaging at Vladivostok has reached the Russian public, but the military authorities, who control the telegraph, would be able to withhold for days any news of such conditions as they did of the last uprising there.

## WOULD PROSECUTE THE GUILTY ONES

Civil and Military Officials Responsible for Recent Rioting in Russia.

(By Associated Press.)

ST. PETERSBURG, July 5.—In the lower House of Parliament today M. Stepanchik presented the Bialystok report. In a speech accompanying it he emphasized the ineffectuality of M. Stolypin's measures in the early stages to stop the rioting, and said that Police Lieutenant Sheremetoff and other organizers of the rioting at Bialystok acted under secret inspiration and influence more powerful than the minister, thus plainly indicating General Trepotoff, although his name was not mentioned.

M. Stepanchik declared that the evidence obtained proved the following facts: First—That no religious race prejudice existed to warrant the measure.

Second—That the rioting was deliberately prepared by inciting the Jews or being revolutionists.

Third—That the day of the riot was announced in advance by the authorities.

Fourth—That the administration and the troops acted lawlessly in permitting the systematic killing of peaceful Jews, including women and children, under the guise of suppressing a revolution; and that the military and civil authorities not only assisted but participated in murders, tortures and robbery.

In conclusion, Chairman M. Stepanchik presented the recommendation of the committee that the Interior Minister, Stolypin and War Minister Rudzick be interpellated asking if steps have been taken to prosecute the guilty civil and military officials.

### Policemen Indicted.

(By Associated Press.)

BIALYSTOK, July 5.—General Bogaljevich, the temporary governor, under arrest, of Bialystok, which is still under martial law, has dismissed the mayor because he refused to accept a petition from the inhabitants asking for the convening of an extraordinary session of the Town Council to deny the accuracy of the report of General Bader, the former governor-general in the recent massacre of Jews here. Twelve policemen have been indicted for their participation in the rioting.

## BECOMES BRIDE OF YOUNG MINISTER

Rev. Walter E. Brenner and Miss Zelma B. Rickett were quietly married last evening at 7 o'clock at the home of the bride, No. 701 North Twenty-fourth Street, the Rev. Charles E. Stuart performing the ceremony. Miss Helen Brenner, the groom's sister, was the maid of honor, and Rev. W. L. Ball was best man. The wedding, though quiet, is of more than ordinary interest.

The bride was last evening a student at the Woman's College, winning the writer's medal, awarded at the commencement last month. The Rev. Mr. Brenner recently graduated from Richmond College with the bachelor of arts degree. He is a native of Canada, and has been a pastor of Zion and Carmel Baptist Churches, not far from this city.

Mr. and Mrs. Brenner will be at home to their friends after July 15th at No. 2410 Hanover Street.

## SUIT AGAINST STANDARD OIL

Information That Rockefeller Combined Individual Partnerships in Company.

### VIOLATION OF ANTI-TRUST LAW

Every Attempt Made by Attorneys for Defense to Have Decision Reversed.

(By Associated Press.)

FINDLAY, OHIO, July 5.—Prosecutor David, of Hancock county, filed information here today in the Probate Court against the Standard Oil Company and John D. Rockefeller.

The information alleges that in 1882 Rockefeller combined individual partnerships corporations into the Standard Oil Company. The purpose of that company, the information asserts, was to monopolize the production, sale and transportation of crude petroleum and its by-products. This, it is alleged, was a conspiracy against trade and a violation of the anti-trust law.

Since July 6, 1903, the information declares, and at all times since, the Standard Oil Company has been operating in this county through subsidiary companies, known as the Buckeye Pump Line Company and the Manhattan Oil Company.

A motion filed by the Standard Oil's attorneys to quash the information filed recently by the prosecutor against the Manhattan Oil Company and the Buckeye Pump Line, charging them with being a part of the Standard, and being in violation of the anti-trust law. The Standard attorneys claimed that the probate court had no jurisdiction, because the offense, if one had been committed, they said, was a felony, and that it must be handled in the Common Pleas Court, if handled at all.

Judge Banker overruled the motion, and decided that his court had jurisdiction. Every attempt was made by the attorneys for the defense to have the decision reversed. The court told the attorneys that he was hearing the Manhattan Company case, and not the Buckeye Pump Line Company case, and that the reason for delay was his attempt to stop the rendering of the decision.

### OPEN SALOONS.

## WILLIAM LEE IS SENTENCED TO HANG

Will Probably Require Strong Militia Force to Protect Him from Populace.

(By Associated Press.)

BALTIMORE, MD., July 5.—William Lee, a colored youth of seventeen years, was tried in the Circuit Court of this city today before Judges Harlan, Wright and Dobbler, and sentenced to hang in Somerset county for criminal assault on two white women. He confessed his crime.

The assault took place six weeks ago, the culprit having been taken to Virginia and later brought to this city to escape the vengeance of the mob, which had assembled in Somerset county. The feeling in that county continues to be such that it was deemed unsafe by the authorities to take him there to be tried, and forthwith the trial took place in this city.

He will have to be taken on a day to be fixed by the Governor, and it is deemed certain that it will require a strong militia force to protect him from the maddened populace.

## PRISON SENTENCE FOR CONSPIRACY

Judge White Reviewed the Entire Case Before Pronouncing Sentence.

(By Associated Press.)

BOSTON, July 5.—Ferdinand E. Borges, formerly of Indiana, and one of the promoters of Uvero Plantation Company, was today sentenced to serve twelve to fifteen years in State prison for larceny and conspiracy by Judge White, in the Superior Criminal Court. Borges was convicted on seventy-three counts of larceny and one of conspiracy in connection with the affairs of the Uvero Company. He was indicted with former Congressman William D. Owen, of Indiana, who has not yet been arrested.

Borges was apparently astounded at the punishment. He recovered his self-control quickly, however. The terms of the sentence provide hard labor.

Before announcing the sentence, Judge White reviewed the evidence in the case, and declared that the evidence showed that Borges was no less than "a common and notorious thief."

The testimony at the trial indicated that the defendant, by false statements as to the character of the Uvero property, had induced many people to invest in Uvero stock, and that they had been defrauded out of large sums of money.

## STAR FOR OKLAHOMA GOES IN NEXT YEAR

Several Things to Be Done Before the New State is Actually Admitted to Union.

(By Associated Press.)

WASHINGTON, July 5.—After consultation between Quartermaster-General Humphreys and Admiral Cowles, chief of the Equipment Bureau of the Navy Department, the two officers who are charged with the making and issuing of the national flag to the army and navy, respectively, it has been decided that the admission into the Union of the State of Oklahoma shall be recorded by the addition of a star in the blue field of the flag, placed at the lower right-hand corner. But as several things remain to be done before the new State is actually admitted, and as the law provides that the additional star shall only be set in the field in the morning of the next day after the State is one in fact, the Oklahoma star will not be seen on the national ensign until July 1, 1907, and therefore the salutes which have been given are premature.

## TWO INNOCENT MEN KILLED BY AVENGER

(By Associated Press.)

BLUEFIELD, W. VA., July 5.—Samuel Farloway, a night watchman, and John Rawson and Bert Jones engaged in a fight over a gambling game at Matewan today. Farloway was badly beaten and left for dead. Later he revived, secured a Winchester rifle, and started in pursuit of his assailants. He arrived at some camp early in the morning, and saw two men standing in a car door. Taking them to be Rawson and Jones, he opened fire, shooting Rawson and Jones, and Harry Hoskins, negro laborer, engaged in track work. Hoskins died almost instantly. Taylor will die. Farloway is in jail.

### GLORIANA PROVED VERY ATTRACTIVE

#### The Casino's Fatest Musical Farce is a Fun-Maker.

Gloriana, an English musical farce, brought up to an American standard by the Blou Musical Comedy Company, with Little Chip, Mary Marble and the "Beauty Chorus," was played at the Casino last night. The first night of the farce was a very successful one, and the crowd that packed the summer playhouse and insisted upon encore after encore.

Little Chip, as usual, was very funny. Miss Mary Marble proved as dainty as a character actor in an old man part, and Marie Fanchette played the part of a very fetching young bride.

The "Beauty Chorus," as usual, danced its way into the affection of the audience. Miss Marble sang "Daisy Daisy" in the same old attractive way, and Little Chip sang in an inimitable way, "There's a Little Girl That I Love."

Gloriana will be played the rest of the week at the Casino.

### FRUIT VESSELS AND QUARANTINE

#### Must Not Be Admitted Until Five Days from Port of Departure.

(By Associated Press.)

MOBILE, ALA., July 5.—Dr. Henry Goldthwaite, executive officer of the quarantining board of Mobile Bay, has just received from Walter Wyman, surgeon-general of the Marine Hospital Service, a circular amending the recent regulations of the department with regard to fruit vessels plying to United States ports, which prevented their admission to entry until they had been five days out from the port of departure. The amended regulations allow the vessels to enter as soon as the crew, except the master and chief engineer, shall have been removed from the vessel, the living quarters fumigated, and a new crew placed in charge. After unloading at dock all parts of the vessel must be fumigated simultaneously for the destruction of mosquitoes. The new crew will accompany the vessel to quarantine, when change of crew will again take place.
